

MODEL 100 PROFESSIONAL™ HOLSTER

*COMFORTABLE AND PROTECTIVE
INSIDE WAIST CARRY*

MODEL 100 PROFESSIONAL™ HOLSTER

The Bianchi® 100 Professional™ inside-the-waistband holster is engineered for deep concealment and rides at an optimum angle inside the waistband to ensure a secure fit and a proper firing grip on the draw. The holster features a high back design to offer a comfortable fit, as it provides a shield between the body and clothing against a gun's rough edges. This holster is made with premium full grain cowhide, and the exterior next to the body features non-slip suede. A heavy-duty spring-steel clip secures the holster to the waistband or belt. The Professional holster fits belts up to 1.75" wide.

FEATURES

- Deep concealment design with high back to comfortably shield torso against gun's rough edges
- Non-slip, suede-lined exterior next to body
- Rides at optimum angle inside the waistband to ensure proper firing grip
- Heavy-duty spring-steel belt clip securely anchors holster to belt or trousers
- Fits up to 1.75" (45mm) belts
- Available in full grain leather, Plain Tan or Plain Black finish
